

Christian fiction is a popular collection at the Lansing Public Library. This genre covers a wide range from the “gentle-reads” of Janette Oke to the apocalyptic tales of good and evil of Frank Peretti. While some have a distinct Christian message others are just good stories of people trying to live out their faith or work through their doubts. They don’t include profanity, sex or graphic violence. We try to keep up with series as they are published, but if you don’t see what you’re looking for, we will be glad to order it for you. Enjoy!

-Each January, May and September a new master booklet will be published. A monthly update insert will be available each of the other months.-
